

4th HINTERLAND Forum in Poland

WP 4 Recommendations for changing strategies *(as the result of analyses of plans and programmes)*

4th HINTERLAND Forum - Tczew, 27.06.07
WP 4 Recommendations for changing strategies

**The presentation is
summing up recommendations
based on the
feedback from the following PP's:
01, 03, 04, 05, 09, 14, 15, 17-18.**

4th HINTERLAND Forum - Tczew, 27.06.07
WP 4 Recommendations for changing strategies

1. Main *line of* recommendations

2. Specific recommendations for strategies/programmes at the:

- × **European Level**
- × **National level**
- × **Regional / sub-regional level**

4th HINTERLAND Forum - Tczew, 27.06.07
WP 4 Recommendations for changing strategies

Selected *main line* recommendations

1. Reflecting the political targets of
‘minimizing regional disparities’ and
‘equality of living conditions’
2. Supporting endogenous regional
development

Selected *main line* recommendations

3. Coordination of regional development strategies and instruments - strengthening synergy of different levels of spatial development
4. Supporting regional economy chains

Selected *main line* recommendations

5. Promoting local economy, countryside entrepreneurship
6. Supporting regional partnerships, local employment initiatives etc.
7. Improving quality of infrastructure

A few recommendations addressing the European level

1. Coordination between different policies, especially: regional policy and agricultural policy
2. Elaborating strategies for independent (endogenous ?) development of European Hinterland regions

The recommendations addressing the European level (cont.)

3. Developing the international cooperation of Hinterland regions on:
exchange of information, strengthening cultural links, planning methodology, etc.)

Recommendations which address the national level

1. Elaborating specific development targets for all types of regions (not only metropolitan) incl. minimum regional standards (education, health, etc.)
2. Strengthening the decision-making power of actors on regional level

Recommendations which address the national level (*cont.*)

3. Adapting support to the regional conditions, supporting initiatives which focus at more sustainable and endogenous development
4. Supporting rural-urban projects on development

Most of the recommendations address the regional and subregional level

1. Support marketing and consumption of products produced within the region by creating consciousness about the correlation of local consumption and the development of the region.
2. Supporting non-agricultural small and medium business' in rural areas

4th HINTERLAND Forum - Tczew, 27.06.07
WP 4 Recommendations for changing strategies

*The recommendations which address
the regional and subregional level (cont.)*

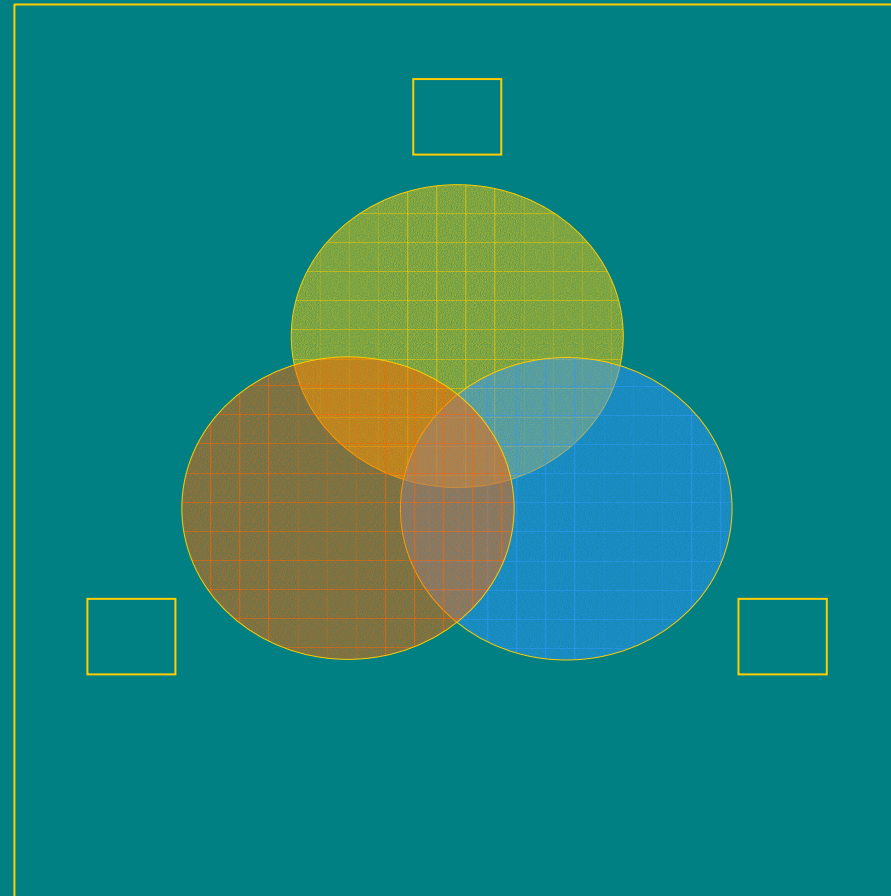

3. Providing the settlers and incoming flows (business, people) with the sufficient social services
4. Reinforcing the rural identity
